9th June 2020

Dear parents and carers,

I am writing to explain some important changes that are taking place for Year 7 and Year 8 home learning from next week, beginning Monday 15th June.

We recently asked you to fill out a survey letting us know if your child will be working online or offline. Thank you so much for your responses, we are still making parents to find out this information.

Below are the outlines of what we are now expecting of your child.

If your child is working **online** (with the internet):

- ★ On the home learning section of the website, they will find a timetable of the activities we would like pupils to complete for that week – we have included a copy of next week at the end of this letter, to ensure you see what we are expecting. There is a short video from staff explaining the activities for that day.
- ★ Pupils should follow the timetable of lessons – this will be uploaded on the academy website every week.
- ★ Home Learning should take roughly 3 hours of learning a day.
- ★ At the end of each day pupils must complete the online sign-in form on their timetable to let us know what they have learned from their lessons. This is very important and we will be reminding them of this daily in the video from staff.

If your child is working **offline** (without the internet):

- ★ A booklet with up to two week's work will be posted home to you ready for Monday 15th June.
- ★ Your child should complete roughly 3 hours of learning a day.
- ★ On Friday 26th June, at the end of the two-week period, the booklet should be returned to the Academy for teachers to mark. There will be a post box at the gates of the Primary building, which will be open all day on Friday 26th June only – we expect all pupils working offline to deliver this work back to the academy.

We hope that this new way of working helps our pupils to feel better prepared for the next academic year. Therefore, it is important that **all** pupils complete their timetabled sessions. If pupils do not sign-in online or return their booklet then we will be in touch to find out why the work has not been completed and what we can do to support your child to get it done.

How to support your child in their learning:

- ★ Make sure they have a quiet space to do their work.
- ★ Encourage them to leave distractions and devices in other rooms whilst they work.
- ★ Encourage them to take short breaks between lessons.
- ★ Check that they have completed their work once they are finished.

If you have any questions about these changes or you would like further support with home learning then please email our dedicated home learning email on AASLearningGroup@astreasheffield.org.

We would like to thank you for your on-going support during these unprecedented times – we are so looking forward to welcoming back all pupils as soon as possible.

With kindest regards,

Emma Glover | Vice Principal

Y7 Online Learning Time Table
15th – 19th June

- Click the links to find your lessons for the day.
- You will need a pen and paper to make notes and answer questions.
- This work should take you roughly 3 hours.
- Make sure your phone is away and you are in a space where you can focus.
- Remember to sign in at the end of the day.
- If you need help, you can email AASLearningGroup@astreasheffield.org
